

Town of Thompson's Station, Tennessee AGENDA BRIEFING MEMORADUM

AGENDA DATE:	Nov. 1, 2019
SUBJECT:	Section 5-411 Purchase
PREPARED BY:	Ken McLawhon, Town Administrator
SUMMARY:	Short Summary – Public Works Vehicle

BACKGROUND:

The Fy19-20 budget has approximately \$100,000.00 earmarked for the purchase of vehicles within the general fund. The budget being approved by the board allows for the expenditure of funds in the foregoing.

The need for an additional vehicle became imperative and time sensitive when a truck in the public works department was no longer functioning and slated to be surplus.

The state contract for the Ford fleet did not have any current white trucks outfitted as requested by the public works department available. It was stated to require a vehicle to be built and likely not to be available for delivery until after the holidays (first of the Year).

The state contractor for Ford trucks is designated as Murfreesboro Ford. As noted above vehicles were not in stock/available. The town became aware of a blue Ford truck outfitted as desired by the public works department.

The request was discussed and sections 5-411 and 5-402 allowed for the immediate purchase of the vehicle by the town's designated purchasing agent.

Given that the public works director was having to drive his P.O.V. on a regular basis for his official duties, it was determined to be in the town's best interest to immediately obtain this vehicle before it was also sold. The Mayor was informed, and the vehicle delivered.

The above precluded further exposure and additional liability associated with the daily use of a P.O.V. for official business. In addition to these important concerns, the matter of equity was addressed/resolved (i.e. = wear and tear on the vehicle, question of coverage/adequacy regarding potential injury of employee and/or others and the lack of utility in terms of the type of truck).

OTHER:

Attachments included.

FISCAL NOTE: The cost of \$48, 297. Included the custom flat bed and associated bins/bar (MSRP \$56.914 Truck only)
